WHAT IS NEEDED FOR THE SHOW *Please Read*

*Space requirements-the animals are all loaded in carriers and they occupy an area of about 4 feet by 10 feet. We want a minimum of 12 feet between the animal carriers and the closest seated children (they can sit on chairs or the ground).

*It is helpful to park our van as close as possible to where we are unloading. All children and adults need to be cleared from the area while we set up. It will take several trips to move all the animals. We will arrive approximately 30 minutes prior to the start of the show for set up, don't panic if we arrive under 30 minutes, we build in extra time in case of traffic.

*The animals cannot be carried up stairs or steps. One or two steps aren't a problem but flights are virtually impossible with the size and weight of some of the carriers.

*Weather-can play an important factor in the exact location of where we set up the animals for the show. Temps above 75F (and sunny) will require a shaded area. Temps below 55F will need to be held in a temperature controlled (heated area). It is typical in winter to perform the shows in garages, basements (no stairs), living rooms or rented halls, etc.

*Payment to be made the day of the show, either by check (made payable Wild World of Animals) or cash is accepted.

*Any cancellation less than 72 hours from the starting time of the show will result in the full payment being owed to the Wild World of Animals. In the case of a significant weather event which causes a cancellation, there will be a 30-day timeframe given (from original booking date) in order to reschedule, at no additional cost to the booking party. Notice must be given by phone by calling 724-239-5511 or 724-554-1812. If the call is not answered, a voicemail must be left leaving your name, the date and time of the show.

By signing below, I agree to the terms and conditions as stated above. The show cannot be considered 'booked' until the signed agreement is returned.
